ENGINEER – Mrs. Nelson

• **FY 2019 CDBG – Glenolden Park Walking Path – Phase 2**

We presented Application for Payment No. 2 (Final) in the amount of \$17,135.00 submitted by A to U Services, Inc. to the Borough Manager for signature. We confirmed with A to U the beginning of the one year warranty period for the work has been established as December 22, 2021.

• **Former Glenolden Swim Club**

The applicant's engineer advised they are awaiting a sign off from a neighboring property owner for temporary access during construction and upon receipt will submit updated Highway Occupancy Permit plans to PennDOT.

The applicant's engineer advised they will pick-up the signed plans from the County and will deliver them to the Recorder of Deeds Office for recording.

• **MacDade Signal Project**

PennDOT update:

- Department 180-day testing period is still in progress on all signals.
- ADA ramps: PennDOT is working with the contractor regarding completing corrections to the ramps.

- The majority of the punch list items have been completed.
- **FY 2021 CDBG MacDade Boulevard Improvements**
We submitted the draft design plans for the PennDOT Highway Occupancy along with the artistic renderings to PennDOT and are awaiting their response.
- **South Ave. Bridge**
We forwarded to the County consultant the resolutions showing the Borough authorized the construction of the sanitary sewer on South Avenue in 1923 and 1924, prior to the construction of the bridge (1927) and conveyed Council's opinion the cost for relocation of the sanitary sewer line is not the Borough's responsibility. We also responded the information the consultant previously provided related to PennDOT requirements, not the County and for the last bridge replacement on MacDade Blvd. undertaken by PennDOT, the Borough was reimbursed for 75% of Engineering and Construction for the sewer line needing to be relocated as part of their incentive/disincentive program. We are awaiting their response.
- **Glenolden – R - 119 Grays Ave**
Construction is in progress.
- **Chapter 94 Report**
We are preparing the report due February 18, 2022. We received maintenance and repair information for the sanitary sewer system from A to U Services and the Borough Manager.
- **DELCORA Infiltration and Inflow Reduction Annual Year 2 Report**
We will prepare the report form due to DELCORA February 25th as authorized by the Borough Manager. We will include sanitary sewer lateral and clean-out inspection, repair and replacement records upon receipt from the Borough Manager.
- **2022 County Aid**
We prepared Resolution # 01-22 for adoption at tonight's meeting.
- **PennDOT Emergency Permit**
Per our recent discussions with PennDOT, the Borough does not have an active Emergency Permit with PennDOT for repairs to be completed within the right-of-way of their roads. The permit can be obtained on-line using the Borough's PennDOT Business Person ID (BPID). We can assist the Borough Secretary with this if Council desires.
- **200 S. Chester Pike**
As requested, we reviewed the Sketch Plan for the proposed alterations to the site for access and ADA requirements and sent the comments to the Borough Manager and Code Enforcement Officer.
- **School District Property**
We reviewed and responded to questions regarding street ownership and documentation for vacation of Knowles Ave. and sewer connections for their use in the design of the property recently acquired adjacent to the Elementary School.

SOLICITOR – Nothing to report.

PRESIDENT PFAFF – Old / New business

FINANCE & LAW – Mr. Ruggiero
